## Match report:

Hythe U11's played Folkestone 'B' on Sunday and **won by 120 runs!**

In the absence of Captain Max and Vice Captain Tom, **Sam** stood in as captain for the day. Winning the toss he chose to bat first. **Sam** captained well and, as Max does, gave himself the responsibility of the last over.

Our opening pair of **Jamie** and **James** scored steadily though probably did not take full advantage of some of the hittable balls they faced. **James** built on his batting of last week by swinging freely at the ball though was unable to find the boundary. We lost one of our 2 wickets here, with James not quite making his ground after trying to steal a cheeky single.

Next in were **Harry** and **Dylan**. Another solid partnership from these two which featured some good running. **Dylan** batted very correctly, showing the bowler the makers name when defending. It was good to see how high **Dylan** was getting his front elbow, ensuring the ball was always played down. **Harry** again hit the ball hard when given the chance and never looked in trouble.

**Sam** and **Theo** came in next and really started to get the score ticking along. **Sam** smashed **27** as the bowlers continued to deliver the ball in his favoured leg side hitting zone. **Theo** supported well and also called well to create a number of extra runs we would have otherwise missed out on. A very useful partnership.

Out last pair, **Euan** and **Jack** delivered a storming finish. **Euan** amassed **27 with one dismissal** in the last 5 overs. This was only **Jack's** second game for us but he showed great confidence in his running and calling as well as his hitting, scoring 21. **Euan** batted very well and only missed out on a share of the batting point by playing on to his own wickets. **In all a good performance assisted by numerous extras conceded by Folkestone, our total being 355.**

*Our bowling and fielding were sharp and I thought you all did well to maintain concentration with the game as a contest ending very early.*

**Sam** picked up a couple of wickets as did **Jack**. **Dylan** bowled his usual miserly line and length, picking up 3 wickets. Only a no ball cancelling out a wicket prevented him from claiming his 3<sup>rd</sup> bowling point of the season. **Harry** and **James** bowled well, both building on the obvious improvements they have clearly displayed in this discipline throughout the season.

**Jack** performed well with the ball and picked up a couple of wickets, bowling mostly good line and length. Our bowling master class today was delivered by **Theo** who was almost unplayable. 4-4 from 3 overs I can only add you were unlucky not to pick up 7 or 8 wickets.

In the field we held 3 catches. A one handed snare by **Jack** and a good take from **Theo** were matched by a fine take from **Euan** back peddling to a skied top edge. I was also delighted to see **Euan** complete a quick stumping and keep the pressure on the batsmen by taking the bails off if he felt there was a chance of a wicket.

*A good performance by all and a well deserved win.*

**Player of the day is shared between Harry for another hard working all-round performance and Dylan for the same.** Also good to see Dylan thinking on his feet and warning the batsman about leaving his crease before he had released the ball.  
*Good thinking Dylan!*

### A final thought on the game:.

Folkestone played with one player short.

I offered to provide a fielder to make up this shortfall during our innings and several players volunteered to field for Folkestone.

All games have their own codes of conduct and **if volunteering to act as a substitute for the opposition then you must try to do your best when in the field.**

Cricket is a very special game and a privilege to play.

**I would hope that all Hythe players would try their best when acting as a sub, however strange it may feel to find yourself suddenly playing against your team mates.**

### **Match subs:**

I forgot to collect **£1.50 subs** today so would appreciate it if you could please pay next time.

After about 8 miles turn right to stay on the A260. (Over the A2)

At roundabout take the 2<sup>nd</sup> exit onto Adisham Rd B2046.

We look forward to welcoming Max back next week and hope Jack Hobbs and Charlie are looking forward to making their debuts for the team.

**Also good luck to Jamie who is off playing in the regional finals of a golf competition and is thus unavailable to play.**

Well done again for another win and think about clearer calling and quicker running to score even more runs next week.

### **Final thought...**

I've just watched England claim a famous victory, sorry, draw against the Aussies and am hoping my blood pressure will have returned to a normal rate by Sunday.

Also, thanks to those of you that took time out of their busy morning playing cricket to comment on my new glasses.

I heard the word 'nerd' thrown in my direction on more than one occasion! I was told, after turning down an appeal for a catch behind, that my specs weren't working very well and when I replied I hadn't seen or heard an edge I was advised to get a hearing aid as well. Lovely bunch of lads...!

Cheers,

**Rod.**
